STAR HALO series

VANGUARD products are designed and manufactured to keep customers satisfied,consequently please note the following:

- 1.Due to the quality of our finishes,we recommend using a soft dry polish cloth for cleaning,avoiding the use of special cleaning products that could damage the finish.
- 2.VANGUARD reserves the right to change or modify any product illustrated in this catalogue in order to make the deemed improvements.
- 3.The height of our pendant lamps are adjustable.
- 4.All the dimensions are in millimeters.

The CE applied mark certifies that the lighting fixture or components are in compliance with the standards required from the EN 60598-1 European regulations.

RoHS

Product is in compliance with the RoHS directive(Restriction of use of Hazardous Substances).

The lighting fixture can be installed on normal flammable surfaces.

Unit realized in safety class I and provide with earth wire.

Unit realized in safety class II with double and reinforced insulation and hence not provided with earth wire.

IP20

Protection index against solids or liquids entrance.
